

INTRODUCTION

Mankind always had the talent to survive and protect themselves from weather & other natural disaster by living in caves & trees....

But as the civilization grew up the thinking of humans have been changed. Now it is dream of every person on this planet to house for himself which satisfactorily fulfills all his desires....

So EDIFICE at AVISHKAR 2K11 presents

AASHIYANA
THE HOUSE OF DREAMS

THE PROBLEM

- Design & prepare a model for a house of a middle aged couple Mr. & Mrs. Gupta having two school going kids.
- Mr. Gupta is working as a senior manager in a reputed private firm & Mrs. Gupta is interested in giving dance classes at her residence.
- Mr. Gupta's parents also reside with them.
- Gupta family has a permanent house maid.
- Also the area where the house is to be constructed is earthquake prone.
- The couple also wants the house to be ENERGY EFFICIENT.
- Design their dream house keeping in view the
 - VASTU SHASTRA &
 - CIVIL NORMS.

SPECIFICATION

The area in which the house has to be constructed is 2000 sq. feet.
